Our ref: EPR/PB3231AB/A001

Date: 18 March 2013

Dear Mr Pocklington,

Your environmental permitting application is duly made

Application reference: EPR/PB3231AB/A001

Operator: E L G Haniel Metals Limited

Facility: E L G Haniel Metals Ltd, Heath Road, Darlaston, West Midlands, WS10 8LU

I'm writing to let you know that your application, received on 13 February 2013, is duly made as of 8 March 2013. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide whether or not we can allow what you've asked for. If we have to refuse your application, we'll explain why.

We may need to ask you for more information during determination. If we do we'll write to you to explain what we need and how long you have to reply.

Our Customer Charter explains that as long as you have provided us with all the information we need, included the appropriate fee and there are no complicating factors such as confidentiality decisions, you can expect us to determine your application within the following timescales:

- for transfer or partial transfer of an environmental permit within two months;
- for a standard permit (except for installations); minor or normal variation or surrender or partial surrender of an environmental permit within three months;
- for a standard permit for an installation, a bespoke permit or substantial variation to a permit (with public participation) within four months.

We want to give you a decision as quickly as possible, but the time it takes depends on what's in the application. We may need to agree a longer timescale with you:

- if the application is complex;
- if we need to ask you for more information about the technical aspects of your application;
- if there's a considerable level of interest from the public or other organisations.

If we haven't already spoken to you about when to expect our decision, one of our officers will contact you soon to explain this and deal with any questions you have. If your application contained a request for confidentiality we will write to you separately about our decision on that.

We must advertise new bespoke applications, standard rules applications for installations and substantial variations on our website. We explain more about this in our Public Participation Statement.

If you have any questions please phone our Customer Contact Centre on 03708 506506 and they will put you in touch with one of our Permitting Support Centre advisors or email psc@environment-agency.gov.uk.

Yours sincerely

Jane Howson

Application for an environmental permit

Part A – About you

You will need to fill in this part A if you are applying for a new permit, applying to change an existing permit or want to transfer an existing permit to yourself. Please check that this is the latest version of the form available from our website.

Please read through this form and the guidance notes that came with it. Please write clearly in the answer spaces.

Note: if you believe including information on a public register would not be in the interests of national security you must tick the box in section 5 of F1 or F2 and enclose a letter telling us that you have told the Secretary of State/Welsh ministers. We will not include the information in the public register unless directed otherwise.

It will take less than one hour to fill in this part of the application form.

Where you see the term 'document reference' on the form, give the document references and send the documents with the application form when you've completed it.

Application for an environmental permit

Part B1 – Standard facilities permit

Fill in this part of the form, together with parts A and F1 or F2, if you are applying for a new permit for standard facilities. Please check that this is the latest version of the form available from our website.

Please note we cannot issue your permit for a relevant waste operation until you have an appropriate planning consent. Please look at the guidance for this part for more information.

Please read through this form and the guidance notes that came with it. Please write clearly in the answer spaces.

(If you are making a bespoke application and are not applying for any standard facilities, do not use this form. Fill in part B2.)

It will take less than one hour to fill in this part of the application form.

Application for an environmental permit

Part F1 – Opra, charges and declarations

Fill in this part for all applications for installations, waste operations, mining waste operations and groundwater discharges onto land. Please check that this is the latest version of the form available from our website.

For applications for water discharge and point source groundwater discharge activities you need to fill in part F2 instead.

Please read through this form and the guidance notes that came with it. Please write clearly in the answer spaces.

It will take less than two hours to fill in this part of the application form.

1 Working out charges (you must fill in this section)

You have to submit an application fee with your application. You can find out the charge by either looking at the relevant standard rules permit page, the 'Making an application' webpage at <http://www.environment-agency.gov.uk/business/topics/permitting/32318.aspx>, or the current environmental permitting charging scheme on our website at www.environment-agency.gov.uk which sets out our charges under the Environmental Permitting Regulations. Please remember that the charges are revised on 1 April each year and that there is an annual subsistence charge to cover the costs we incur in the ongoing regulation of the permit.

Note: for Opra charged Tier 3 Facilities you also need to complete an Opra profile (see section 2).

Table 1 – Working out charges

Type of application	Environmental Permit Application - Standard Rules			
	Summary of charges			
Tier 2 facilities (including Part A(2) and Part B; see guidance notes on part F1)	Charge identifier	Number of facilities	Charge for each facility (£)	Charges due (£)
	SR2008No21 7kte	1	1,590.00	1,590.00
Tier 3 facilities				
Total Opra charging score for installations		× charge multiplier		=
Total Opra charging score for waste operations		× charge multiplier		=
Total Opra charging score for mining waste facilities		× charge multiplier		=
Other charges				
Total charges due				1,590.00

2 Opra (does not apply to standard facilities, any other tier 2 permit applications (e.g. groundwater land spreading activities), or water-discharge or groundwater point source discharge activities)

If you are submitting a bespoke application, you must include a completed electronic copy in Excel of the current Opra spreadsheet.

For variations, full and partial surrenders you will need to submit a copy of your current Opra profile based on your existing profile, not any new profile following the variation or surrender.

For transfers you will need to submit a revised Opra profile to include your own operator performance. Note: this will not change the set transfer fee.

Applying for a permit in Wales?

If you choose to pay by electronic transfer and you are applying for a permit in the EA Wales region, you will need to use the following information to make your payment.

Company name:	Environment Agency Wales
Company address:	PO Box 663, Cardiff, CF24 0TP
Bank:	Citigroup Centre
	Canada Square, London, E14 5LB
Sort code:	08-33-00
Account number:	12800578
Payment reference number:	PSCAPPXXXXYYY

You need to create your own reference number. It should begin with PSCAPP (to reflect that the application is for a permitted activity) and it should include the first five letters of the company name (replacing the X's in the above reference number) and a unique numerical identifier (replacing the Y's in the above reference number). The reference number that you supply will appear on our bank statements.

You should also email your payment details and a reference number to online@environment-agency.wales.gov.uk or fax it to 02920 466 404.

3 Payment, continued

If you are making your payment from outside the United Kingdom, it must be in sterling. Our IBAN number is GB48 CITI0833 0012 8005 78 and our SWIFTBIC number is CITI GB2LXXX.

If you do not quote your reference number, there may be a delay in processing your payment and application.

Applying for a permit in **England**?

If you choose to pay by electronic transfer and you are applying for a permit for another (English) region, you will need to use the following information to make your payment.

Company name:	Environment Agency
Company address:	Income Dept 311, PO Box 263, Peterborough, PE2 8YD
Bank:	Citigroup Centre
Address:	Canada Square, London, E14 5LB
Sort code:	08-33-00
Account number:	12800543
Payment reference number:	PSCAPPXXXXYYY

You need to create your own reference number. It should begin with PSCAPP (to reflect that the application is for a permitted activity) and it should include the first five letters of the company name (replacing the X's in the above reference number) and a unique numerical identifier (replacing the Y's in the above reference number). The reference number that you supply will appear on our bank statements.

You should also email your payment details and reference number to FSC-Income@environment-agency.gov.uk or fax it to 01733 464 892.

If you are making your payment from outside the United Kingdom, it must be in sterling. Our IBAN number is GB23 CITI0833 0012 8005 78 and our SWIFTBIC number is CITI GB2LXXX.

If you do not quote your reference number, there may be a delay in processing your payment and application.

Now read section 4 below.

4 The Data Protection Act 1998

We, the Environment Agency, will process the information you provide so that we can:

- deal with your application;
- make sure you keep to the conditions of the licence, permit or registration;
- process renewals; and
- keep the public registers up to date.

We may also process or release the information to:

- offer you documents or services relating to environmental matters;
- consult the public, public organisations and other organisations (for example, the Health and Safety Executive, local authorities, the emergency services, the Department for Environment, Food and Rural Affairs) on environmental issues;
- carry out research and development work on environmental issues;
- provide information from the public register to anyone who asks;
- prevent anyone from breaking environmental law, investigate cases where environmental law may have been broken, and take any action that is needed;
- assess whether customers are satisfied with our service, and to improve our service; and
- respond to requests for information under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004 (if the Data Protection Act allows). We may pass the information on to our agents or representatives to do these things for us.

Now read section 5 below.

5 Confidentiality and national security

We will normally put all the information in your application on a public register of environmental information. However, we may not include certain information in the public register if this is in the interests of national security, or because the information is confidential.

You can ask for information to be made confidential by enclosing a letter with your application giving your reasons. If we agree with your request, we will tell you and not include the information in the public register. If we do not agree with your request, we will let you know how to appeal against our decision, or you can withdraw your application.

You can tell the Secretary of State that you believe including information on a public register would not be in the interests of national security. You must enclose a letter with your application telling us that you have told the Secretary of State and you must still include the information in your application. We will not include the information in the public register unless the Secretary of State decides that it should be included.

Only tick the box below if you wish to claim confidentiality for your application

Please treat the information in my application as confidential ☐

5 Confidentiality and national security, continued

Tick the box below if you have written to the Secretary of State or Welsh ministers to claim national security for your application

I attach a letter stating that I have written to the Secretary of State or Welsh ministers explaining why my information should not be included on the public register for national security reasons ☐

Now go to section 6

6 Declaration

If you knowingly or carelessly make a statement that is false or misleading to help you get an environmental permit (for yourself or anyone else), you may be committing an offence under the Environmental Permitting (England and Wales) Regulations 2010.

A relevant person should make the declaration (see guidance notes on part F1). An agent acting on behalf of an applicant is NOT a relevant person.

Each individual (or individual trustee) who is applying for their name to appear on the permit must complete this declaration. You will have to print a separate copy of this page for each additional individual to complete.

If you are transferring all or part of your permit, both you and the person receiving the permit must make the declaration.

Note: If you are unable to trace one or more of the current permit holders please see below under the transfers declaration.

I declare that the information in this application is true to the best of my knowledge and belief. I understand that this application may be refused or approval withdrawn if I give false or incomplete information.

If you deliberately make a statement that is false or misleading in order to get approval you may be prosecuted.

I confirm that my standard facility will fully meet the rules that I have applied for (this only applies if the application includes standard facilities)

Tick this box to confirm that you understand and agree with the declaration above, then fill in the details below

Tick this box to confirm that you have no issue with us using information from any ecological survey that you have supplied with your application (for further information please see the guidance notes on part F1)

Particulars of Development

Erection of warehouse and offices with external
yard to rear for storage of high value alloy scrap
metals.

Deposited on 19th October, 1990, as amended on 12th and 14th November, 1990.

The Black Country Development Corporation as local planning authority hereby GRANT PLANNING PERMISSION for the above described development proposed in the application numbered as shown above and in the plans and drawings attached thereto, copies of which are attached to this notice, subject to the following conditions:

Conditions

1. The development must conform with the terms of and the plans accompanying the application for permission and must remain in conformity with such terms and plans, save as may be otherwise required by (any of) the following condition(s), or approved amendment(s).
2. The development must be begun not later than the expiration of 5 years from the date of this permission.

Continued overleaf

Reasons

1. To ensure that any development undertaken under this permission shall not be otherwise than in accordance with the terms of the application, on the basis of which permission is being granted, except in so far as other conditions may so require.
2. Pursuant to section 91 of the Town and Country Planning Act 1990

- 7 AUG 1991

Date Signature

David Morgan, Chief Executive

N.B.

1. THIS IS A PLANNING PERMISSION ONLY. IT IS NOT AN APPROVAL:-
(A) UNDER THE BUILDING REGULATIONS (WORK WHICH REQUIRES SUCH APPROVAL MUST NOT START UNTIL IT HAS BEEN OBTAINED): OR
(B) UNDER ANY OTHER STATUTORY PROVISION
2. YOUR ATTENTION IS DRAWN TO THE NOTES OVERLEAF.

Conditions continued

3. Before the development hereby permitted is commenced, details of all external materials, including samples, shall be submitted to and approved by the local planning authority.
4. Before the development hereby permitted is commenced, details of materials to be used in surface treatment including parking, pedestrian and all such hard surfaced areas shall be submitted to and approved by the local planning authority.
5. Before the development is commenced a detailed landscaping and planting scheme shall be submitted to and approved by the local planning authority.
6. The approved landscaping and planting scheme shall be implemented within eight months of the development being brought into use.
7. Any tree, hedge or shrub planted as part of a landscaping scheme (or replacement tree/hedge) on the site, and which dies or is lost through any cause during a period of 3 years from the date of first planting shall be replaced in the next planting season.
8. Before the development hereby permitted is commenced, details of all boundary treatment shall be submitted to and approved by the local planning authority.
9. Before the development hereby permitted is brought into use, parking and manoeuvring areas shall be provided to the satisfaction of the local planning authority and thereafter retained as such, including the provision of spaces for the disabled.
10. Before the development hereby permitted is brought into use, details of all external lighting shall be submitted to and approved by the local planning authority.
11. The development hereby permitted shall not be used other than between the hours of 8.00 a.m. and 6.00 p.m., Monday to Friday and 8.00 a.m. to 1.00 p.m. on Saturdays. There shall be no working on Sundays or public holidays without the prior written approval of the local planning authority.
12. Before the development is commenced a survey and site investigation shall be carried out to assess the likely hazards to the proposed development of any contamination of land resulting from the presence of potentially toxic substances or combustible fill materials, the possibility of chemical attack on building materials, the emission of toxic or flammable gases, or general problems of stability, drainage, odour, leachate production, and surface run-off.

13. A copy of the survey and site investigation carried out in pursuance of the preceding condition of this permission, together with a report setting out any remedial measures proposed to counter the hazards from any contamination of the land, shall be submitted to and approved by the local planning authority before the development is commenced.
14. Before any part of the development is first occupied the remedial measures proposed to counter the hazards from any contamination of the land and contained in the report approved by the authority in pursuance of the preceding condition of the permission shall be carried out.
15. Before any development commences on site, full constructional details of the proposed buildings shall be submitted to and approved by the local planning authority and the development implemented in full accordance therewith unless otherwise agreed in writing.

Reasons continued

- 3, 4, 5, 6, 7, 8 and 10.

In the interests of visual amenity and in order to secure the satisfactory appearance of the development.

9. In the interests of highway safety and in order to secure the satisfactory functioning of the development.

- 12, 13, 14 and 15.

In the interests of public safety.

11. In order to define the permission and in the interests of amenity.

NOTES

Unstable or Contaminated Land

Responsibility and subsequent liability for safe development and secure occupation rests with the developer and/or landowner. Although the local planning authority has used its best endeavours to determine the application on the basis of the information available to it, this does not mean that the land is free from instability or contamination.

In cases where the question of stability or contamination has been a material consideration, resolution of this issue does not necessarily imply that the requirements of any other controlling authority would be satisfied, and the granting of planning permission does not give a warranty of support or stability or of freedom from contamination.

NOTES

Appeals to the Secretary of State

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State for the Environment under section 78 of the Town and Country Planning Act 1990.

If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Department of the Environment at Tollgate House, Houlton Street, Bristol, BS2 9DJ.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by him.

Purchase Notices

If either the local planning authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1990.

Compensation

In certain circumstances, compensation may be claimed from the local planning authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him.

The circumstances are set out in section 114 of the Town and Country Planning Act 1990.

West Midlands County Council Act 1980 Section 46 - Access for Fire Brigade.

In accordance with section 46(2) of the above Act notice is hereby given as to the following provisions of the said section:-

Where plans for the erection or extension of a building are deposited with a district council in accordance with building regulations, the district council shall reject the plans unless after consultation with the fire authority they are satisfied that the plans show:-

- (a) that there will be adequate means of access for the fire brigade to the building or, as the case may be, to the building as extended; and
- (b) that the building or, as the case may be, the extension of the building will not render inadequate existing means of access for the fire brigade to a neighbouring building.

Chronically Sick and Disabled Persons Act 1970:

Your attention is drawn to the provisions of the above Act and to the British Standards Institution's "Code of Practice for Access for the Disabled to Buildings" referred to as BS 5810:1979 as appropriate.
