Such modification to take effect on

22<sup>nd</sup> September 1997 at 12:00 hours.

**YOUR ATTENTION IS DRAWN TO THE RIGHTS OF APPEAL ATTACHED TO THIS NOTICE**

**SCHEDULE A - CONDITIONS RELATING TO THIS LICENCE**

- 32.(a) The types of waste deposited, processed or stored at the facility shall consist only of:
- scrap metal (including white goods)
  - scrap vehicles
- Notwithstanding the above, elemental sodium and potassium and any metal in fine powder form shall not be deposited at the facility.
- (b) Waste, other than that specified in Condition 32(a), which arrives inadvertently at the facility without the licence holder's knowledge shall be dealt with as detailed in the working plan.
- (c) Any waste referred to in Condition 32(b) which is liable to cause pollution of the environment shall be removed from the facility as soon as practicable and in any case within one working day of receipt.
33. All incoming scrap metal, scrap vehicles and material removed from the facility shall be checked and recorded as detailed in the working plan.
- 34.(a) Incoming scrap metal and scrap vehicles shall be processed and stored only in the manner and at the locations detailed in the working plan.
- (b) All liquids, engines and batteries accepted at the facility in association with scrap vehicles shall remain within the vehicle or be stored in suitable leakproof containers as detailed in the working plan to prevent the spillage of any liquid upon the ground. These containers shall be inspected at least once every 7 days and maintained in water-tight condition. Except under circumstances of emergency batteries shall not be drained at the facility.
- (c) Any oily components shall be handled and stored as detailed in the working plan.
- (d) Provisions shall be made for the storage of waste generated as a result of operations at the facility as detailed in the working plan.
35. No waste liquids, sludges or articles containing liquids or sludges shall be deposited or stored at the facility except for those liquids or sludges which form part of the integral working of the vehicle and white goods containing fluids which form part of the integral working of the appliance. If required by the Agency, any waste stored at the facility shall be removed forthwith.
36. White goods containing refrigerants shall be segregated and stored pending removal from or processing at the facility. Such material shall not be drained or processed until such time as full details of the proposed manner of draining or processing, including the precautions to be taken, have been provided to the Agency and approved in writing in accordance with condition 1(c) of the licence.

**SCHEDULE B**

5. In this licence white goods means large domestic appliances such as cookers, refrigerators and freezers.

**RIGHTS OF APPEAL**

Section 43 (1) of the Environmental Protection Act 1990 provides that:-

Where except in pursuance of a direction given by the Secretary of State,

- (a) an application for a modification of the conditions to the licence is rejected
- (b) the conditions to a licence are modified

the applicant may appeal from the decision to the Secretary of State.

Therefore if you feel aggrieved by the decision detailed on the attached notice you may obtain the appropriate form on which to give written notice of an appeal from:-

The Planning Inspectorate,  
Room 10/13,  
Tollgate House,  
Bristol  
BS2 9DJ

Tel:- 0117 987 8812  
Fax:- 0117 987 8406

This notice of appeal should be accompanied by the following information:-

- a copy of the licence;
- a copy of each modification to the licence;
- a copy of any correspondence relevant to the appeal;
- a copy of any other document relevant to the appeal including, in particular, any relevant consent, determination, notice, planning permission, established use certificate or certificate of lawful use or development; and
- a statement indicating whether you wish the appeal to be in the form of a hearing or on the basis of written representations.

You are also required to serve a copy of your notice of appeal, on the Environment Agency (at the address on the front sheet of this modification). You should appeal within 6 months of the date that this notice takes effect but the Secretary of State may allow notice of appeal to be given after the expiry of this time period.

You should note that whilst an appeal is pending the decision detailed on the attached notice is ineffective, except where a statement is included saying that in the opinion of the Agency the details on the notice are necessary for the purpose of preventing, or where not practicable, minimising pollution of the environment, or harm to human health.
